We who sit upon the Throne of Whiteness,
do call upon BAJ with our grunts.

We who fumigate the air
with our sulphurous vapours,
do call upon BAJ with our farts.

We who bid a fond farewell
to yesterday's dinner,
do call upon the Lord of Composts
to guide our turds on their
Path of *Alchemical Transformation*.

As we flush with intentionality,
we focus our Will upon the Path
of Personal Regeneration and Transformation.

As Above, so Below.

As Within, so Without.

A primary key to physical immortality
lies in enjoying good shits
and in being a good shit.

So mote it Be!
