

Purpose: To invoke the spirit of Abdul Alhazrad into the *void place of spirit* of s/he who invokes; from thence the spirit is enticed into the collective unconscious thru the ingenuity of the dream shaman, there to fecundate the imagination of those whose Will is aligned with this project. To what end, you may ask? —the reification of the *Al Azif*, and its transmission upon the outer —emanating from this juncture of Space/Time/Alternity and spreading thru-out all the worlds of the World.

Method: Invoke often under the stars, especially when the sky is clear & the stars cannot be seen. Dr.Laban Shrewsbury's mystic mead (if &/or when available -any other excellent quality high-potency entheogenic sacrament may be substituted as need be-) has proven efficacious when imbibed in liberal quantities and with careful attention paid to **Set-&-Setting**.

Invocation of the Mad Arab

Thou that knowest the Gate, and the Guardian thereof

--who is Yog-Sothoth;

Thou that knowest the Great Old Ones,

& the Servitors thereof

--among whom are the Voormis, the Gugs,

and the Gaunts of the Night;

Thou that knowest the Unmapped Lands,

& the Names thereof

--among which are N'Kai, Carcosa,

and Far Kadath;

Thou do I call Forth!

Thou that hast seen the Walker on the Wind;

Thou that hast heard the Howler in the Dark;

Thou that hast spoken the name of the Unspeakable One;

Thou do I call forth!

Thou that knowest the Place of Hidden R'Yleh;

Thou that holdest the Secret of Far Kadath;

Thou that keepest the Key to the Door of Yhe;

Thou do I call forth!

Thou that wast He who did write the Al-Azif;

Thou do I call forth from the Shadows!

Him that hath came is returned;

Him do I call forth again!

Him that hath set down the Secrets is Silenced;

Him do I bid speak again!

Him that abideth neither in Darkness nor in Light;

HIM

DO I

CALL FORTH

FROM THE SHADOWS!

By the Five Pointed Star of Mnar,

And those who made it;

By the Sign of Kish,

And those who obey it;

By the Race of Yith,

and those who created it;

By the Assent of the Elder Gods,

By the Command of Nodens

Lord of the Great Abyss,

By the Ineffable Name

which cannot be spoken;

LET HIM COME FORTH!
